

## INTEROFFICE MEMORANDUM

Date: February 13, 2017

To: All Staff

From: Department of Public Works- Facilities Design & Construction

Re: Huntington Park Garage Rehabilitation Schedule

Repairs continue at Huntington Park Garage on Levels 3 and 4 through the end of spring.

Beginning on Monday, February 20, 2017 through Friday, March 3, 2017 the Tunnel to the Justice Center complex from Huntington Park Garage will be closed. The adjacent elevator bank and stairwell will also be closed at this location as we work to complete repairs in this area.

Staff and guests are encouraged to use the center garage elevator and stairwell at the entrance to the Court House from the Garage to access both the Court House as well as the street level for the Justice Center for the period Monday, February 20, 2017 through Friday, March 3, 2017. Please look for signage in the Garage to guide you to your destination.

Beginning on Monday, March 6, 2017 the entrance to the Court House from Huntington Park Garage will be closed through October 31, 2017 as we begin construction of a new elevator and entrance into the Court House from the Garage.

Staff and guests are encouraged to use the West Elevator and Stairwell to access street level and entry into the Court House for the period Monday, March 6, 2017 through October 31, 2017. An ADA accessible entrance to the Court House will be located on the West side of the building adjacent to Huntington Park. Limited access will also be provided at the North entrance of the building from surface level parking. Please look for signage to guide you to your destination.

Additionally, Protective Service Officers will continue to be on-site during morning and evening hours of high volume traffic.

We thank you for your continued patience during the rehabilitation and repair of Huntington Park Garage. We apologize for the inconveniences and will continue to keep you posted on the progress of construction work.

If you have any questions, please contact Parking Services at 216-443-7007.
